

MEDIA DIARY APPLICATION FOR USE WITH DIGITAL DEVICE

ABSTRACT OF THE DISCLOSURE

5 A media diary application implemented in a digital communication device. The media diary combines the benefit of an electronic calendar planner with a digital media file manager that organizes media by timeframe. The media diary provides for a calendar view of calendared events and reminders and a media view of media items associated with a past calendared event or date. The media diary may also provide for a timeline view that combines both the calendar view and media view into a composite view that incorporates a timeline. In an alternate embodiment, the media diary may be defined by a media view in combination with a time line view.
